Chris,
Hi. Please see attached waste profiles for the off spec drums from Shiloh. Please review and if you are OK with them sign and return to me.

Thanks

Ok I talked to our client and she is good with what you and I discussed yesterday to reprofile the waste with high benzene and trace gasoline, which caused the drums to flash.

Please let me know if you have any questions and send over the new profiles at your earliest convenience.

Thanks [Nonresponsive based on revised scope] and I'll wait to hear from you.
